Subject:-

Sri Sivaganga Matt.

Accommodation for the Swami.

---O---

As approved by the Government in para 3 of the Proceedings No. 2994-3004 dated 29th March 19, the Swami is now accommodated in the new Sivaganga Matt Student's Home at Bangalore.

This building was first proposed by the late Swami in 1913, as a Student's Home attached to the Sanskrit College and he offer-ed a donation of Rs.5000/- and a recurring grant of Rs.70/- per month for feeding the students and requested Government to supple-ment it by a grant of Rs.5000/- from State Funds. The Government accepted the offer of the Swami, and in Proceedings No.2127-9 dated 16th February 1914, sanctioned a grant-in-aid of Rs.5000/-, Rs.3000 from Malasa Temple Funds and Rs.2000/- from Chamarajanagar Temple Funds.

3. Subsequently in Proceedings No. 3322-4 dated 27th May 1914, the Government sanctioned the appropriation of Rs.25/- out of the grant of Rs.70/- referred to above for the feeding of students of the College and the balance of Rs.45/- was brought under savings.

4. In December 1915, the Government sanctioned an estimate for Rs. 16,750/- for the construction of the proposed student's Home in Chamarajpet, Bangalore City, and in October 1916, the estimate was revised and an

enhanced estimate for Rs. 16560/- was sanctioned in Proceedings No. 1046-50 dated 28t October 1916, the funds being made up as hereunder:--

Rs. 6650-	Donation by the Swami.
Rs. 5000-	Grant from Kalasa temple funds (Rs. 3000) and Chamrajnagar (Rs. 2000)
Rs. 2085-	From Sivagnaga Gangadhareswara Temple Funds.
Rs. 2265-	From Savings out of the feeding grant.
Rs. 550-	Interest on Savings Bank Deposit of the donation given by the Swami
Rs. 16560.	

5. The building is now practically completed. According to a bill checked by the P. W. Department the cost has come up to Rs. 17015/- besides a sum of Rs. 762-4-9 being the cost of Girders and Trusses and an Inscription stone separately supplied to the contractor and not included in the measurement bill. The total cost thus comes to Rs. 17777-4-9 against Rs. 16560 sanctioned.

The additional cost of 1217-4-9 has now to be provided for.

6. In addition to the construction of the main building, certain subsidiary estimate for Rs. 1407/- as hereunder have been sanctioned by Govt. in Proc. No. 3927-29 & 12-6 15:-

1. For construction of Latrines Rs. 540/-
2. Installing Electric lights. Rs. 480/-
3. Levelling premises etc., Rs. 187/-
4. Extension of water supply Rs. 200/-

7. Of the above works Nos. 3 & 4 have not been carried out.

8. Nos. 1 and 2 have been completed; the contractor claims for No. 1 a sum of Rs. 738-5-0 against Rs. 540/- sanctioned; the claim for the additional amount is still under inquiry, and in the meanwhile the ~~contractor~~ Contractor has been paid Rs. 1019-8-0 for both the works out of the funds allotted for the main building and held in savings Bank by the Muzrai Superintendent. Funds have now to be found to meet this charge etc.,

9. On the whole, provision has to be made to meet the charges in addition to the allotments already sanctioned as detailed in para 4 supra. Of Rs 16560

1-	The additional cost of construction of the main buildings.	Rs. 1217-4-9
2.	The cost of latrines and electric installations.	Rs. 1019-8-0
3.	Additional claim of contractor for latrine still under inquiries.	Rs. 198-5-0
		Rs. 2435-1-9

Against this, there is a sum of Rs. 604-12-6 available, it being the interest on Saving Bank Deposit which has accrued since, and there remains a net sum of Rs. 1830-5-3 for which provision has to be found.

10. From the above, it will be seen that the cost of the building has been made up from different sources, while the Matt has according to the Government Order of 29th March 1919, to pay a sum of Rs. 300/- a year "as contribution towards the rent of the student's Home for the Sanskrit College during the occupation of the building by the Swami."

11. This arrangement does not appear to be a perfect one.

12. In the first place, so far as the building is concerned, a sum of Rs. 1830-5-3 has to be found to settle outstanding bills. The new building is already leaky in some places. Besides repairing these leaks, some further works have to be carrie out to put the building in a condition suited to the asrama life of the swami. When these works are completed, the cost of the building might ~~be~~ run up to over Rs. 20,000/-.

13. Again, an annual allotment should be provided for the periodical repairs and other incidental charges for the upkeep of the buildings in good condition. Under present arrangements it is not possible to provide for these additional charges from the Matt's Funds.

14. In Proceedings No. 2994-3004 dated 29th March 1919, the Government have considered the income and the present needs of the matt and have fixed a scale of expenditure. The income has, on the average of 10 years past been estimated at Rs. 8836-4-8, and a scale involving an expenditure of Rs. 6124-8-1 has been sanctioned leaving a saving of Rs. 2712/- a year available for the settlement of the heavy claims against the matt on account of arrears of pay to servants, debts contracted by the late Swami and the advances made by Government to meet the expenses of the induction of the present Swami into Sanyasa Asrama and the obsequial ceremonies of the late swami. In Para 6 of

the Proceedings, the Government have also laid down general Instructions in regard to the settlement of the claims. The arrears due to the matt servants and the claims of the creditors of the late Swami are under investigation. A pretty large sum will be required to settle them even by part payment of such of the claims as m be considered equitably binding on the Matt.

15. Some of the claims particularly those relating to arrears of pay to servant are very pressing. It is not possible to raise a loan from any source. In fact to do it on the security of the matt's properties ~~and income~~, will be open to objection on the very first principle that the matt's endowments are inalienable and cannot be subjected to incumbrance of any kind whatever.

16. In these circumstances and having regard to the highly unsettled condition of the matt's finances, I beg leave to suggest that the donation contributed by the late Swami out of the Matt's Funds for the construction of the Student's Home be held under suspense subject to re-grant ~~the regrant~~ on a more favourable opportunity hereafter. The amount already paid opt of the Matt's funds may be refunded to the matt and the cost of the building may be paid entirely out of the surplus funds of Kalasa ~~funds~~, the contributions paid from Sivaganga Sri Gangadhareswara Swami Temple and the Chamrajanagar Temple being also refunded to the respective institutions.

17. The building will then become the exclusive property of the Kalasa temple an a rent of Rs. 1000/- a year equivalent to an interest of 5 per cent. on the Capital outlay of Rs. 20,000/- may be paid by the Matt for the occupation of the building by the Swami. Under this arrangement, th liability of the Matt to pay a monthly contribution of Rs. 25/- for the Sanskrit College will also be suspended, thereby in creasing the annual savings out of the matt's income from Rs. 2812 to Rs. 3012. Allowing a sum of Rs. 1000/- for the rent of the building there will still remain a saving of Rs. 2000/- a year out of the matt's annual income.

18. The donation refunded to the matt amounting to Rs. 8915/- and the Savings Bank interest thereon may be made availab le for the settlement of the claims against the matt particularly of the arre of pay to the servants.

19. Such of the other liabilities as may on investigation be accepted as deserving of settlement may be paid off as savings accrue out of the annual income of the matt at Rs. 2000/- a year as explained above.

20. In regard to the building itself, having regard to the fact that it was con- structed as a Student's Hostel on the initiative of the late swami who had placed a liberal donation at the disposal of the Government and that this arrangement is proposed to be held in abeyance chiefly in

consideration of the present adverse circumstances of the matt's finances, it may be expressly stated that the matt will, on the swam.. coming to age, or on sufficient savings accruing, whichever may happen earlier, have the option of purchasing the building from the Kalasa Temple on payment of the actual Capital outlay expended on the construction provided that the building is given away for the Student's Hostel or other benevolent object which the Government may deem deserving of encouragement.

NOTE

SUBJECT:-- Construction of the Sri Sivaganga Matt Hostel in chamarajpet, Bangalore City.

-----:0:------

I beg to submit that in Government Proceedings No.1543-7 M.F.263-15-4 dated 27th December 1915 an estimate for Rs 13750/- was sanctioned for the construction of the above building the cost being met as follows:--

(a) Contribution paid by the Swamigalu. 5000-0-0

(b) Grant-in-aid From the funds of the - - Kalasa and Chamarajnagar temples. 5000-0-0

(c) Interest on the first amount. 285-0-0

(d) Savings effected at the Sanskrit Patasala at Sivaganga. 1815-0-0

(Vide G.O.No.2127-9 M.F.584-12-4 dated 16th February 1914)

(e) Funds of the Sivaganga Matt. Rs. 1650-0-0

Total Rs. 13750-0-0

(Vide G.O.No.2211-3 M.F.263-15-9 dated 20th March 1916)

2- Owing to the abnormal rise

in the price of iron and other materials and the additions proposed to be made to the original plan, a revised estimate for Rs. 16,560/- was sanctioned in Government Proceedings No.1046-50 M.F.170-16-2 dated 28th October 1916, the additional cost of Rs. 2810/- being met as follows:--

(a) Savings from the Patasala - - allotment. Rs. 450-0-0

(b) Interest on savings bank deposit. Rs. 265-0-0

(c) Contribution from the funds of the Sri Gangadhareswara Swami temple at Sivaganga. Rs. 2095-0-0.

Total. Rs. 2810-0-0.

3. To make the building fit for the Junior Swamy's occupation certain - - additional works costing Rs. 1407-0-0 were sanctioned in Government Proceedings No. 3927-29 M.F.738-18-2 dated 12th June 1919 Only two items of work, viz.,

(a) Constructions of Latrines. 539-8-0

(b) Installation of electric lights. 480-0-0

were got done and a sum of Rs. 1019-8-0 was paid to Mr. H.Ramaiya from the Savings Bank Deposit (Vide G.O.No.1142-43 M.F. 278-18-59 dated 8-10-1919.

4. The work of construction was ordered to be done under the supervision of Mr. H.Ramaiya, one of the Trustees of the Hostel and payments were made to him on bills checked and certified to by the

the Executive Engineer of the Bangalore Division.

As noted below a sum of Rs. 15817-1-0 has been paid to Mr. H.Ramaiya up-to-date.

(i)	Advance on 2-11-16.	Rs. 4000-0-0
(ii)	First measurement bill 22-5-17.	3901-0-0
(iii)	Second " 27-7-17	1104-11-0
(iv)	Third. " 18-9-17	3088-6-0
(v)	Fourth. " 8-11-17	1217-0-0
(vi)	Fifth. " 8-2-18.	1486-8-0
(vii)	Completion bill 20-9-19.	1019-8-0
	Total. Rs.	15817-1-0

5. When the construction of the building was making progress under the supervision of Mr. H.Ramaiya, differences seem to have arisen between him and the contractor in about February 1918 when all further work ceased. The contractor demanded enhanced rates on account of the abnormal rise in the cost of labour and material and Mr. Ramaiya did not accede to the request. The matter thereafter -- became the subject of protracted correspondence between the Trustee and the -- Executive Engineer of the Bangalore Division to whom the contractor applied for redress.

Thereupon Mr. Karve, Head Quarter Assistant Engineer who was supervising the work prepared and forwarded to the Trustee a revised estimate for Rs. 21668/ including the cost of the compound wall

wall but the same was returned by the Trustee with certain observations (Vide Copy of D.O. letter dated 6th February 1919)

6. The Executive Engineer Mr. Raghava Char has now sent up an estimate for Rs. 17015/- and states that the difference in amount between this estimate and the estimate prepared by Mr. Karve is due to,

(i) the omission of a number of items originally provided for but not worked out.

(ii) alterations in rates consistently with the conditions of labour etc., at the time the work was done.

The Executive Engineer further states that the quantities shown in the present estimate are the actual quantities finally measured and billed for, that the rate for each and every item has been carefully considered and that he is fully convinced that the rates set forth in the sanctioned revised estimates are very low and that the rates now provided for are quite reasonable - - and necessary. He also states that the contractor agrees to the rates specified in the estimates now sent by him.

7. In forwarding the above, Mr. H. Ramaiya states that after receiving the amount of the fifth measurement bill in February 1918, the contractor did no - - further work and gave much trouble in the delivery of the building and that he cannot therefore conscientiously recommend

recommend any rate higher than the sanctioned rates and that he will leave the question of sanctioning the revised - - estimate for the orders of Government in consultation with the Chief Engineer if necessary. He has also said that two rooms by the side of the central hall are leaky.

8. The matter was referred to the Muzrai Assistant Engineer for further scrutiny. He is of opinion that the recommendation of the Executive Engineer has to be preferred to that of Mr. Ramaiya and that the contractor is not responsible for the leakage in the side rooms referred to in Mr. Ramaiya's letter of the 17th September 1919.

9. If the Executive Engineer's recommendation has to be accepted, the question now arises as to what the extra cost will be and how this cost can be met.

The extra cost will be as follows:-

(i) Work done by contractor Sonnappa. Rs. 17015-0-0

(ii) Materials etc, supplied by Mr. Ramaiya (Deducting the sum of Rs.254/- said to have been advanced to the contractor) 742-4-9

(iii) Inscription stone. 20-0-0

(iv) Construction of latrines. 539-8-0

(v) Installation of Electric lights. 480-0-0

Total Rs. 18796-4-9.

A sum of Rs. 15817-1-0 has till now been paid to Mr. Ramaiya as noted in para 4 supra, leaving a balance of Rs. 2979-3-9 still to be paid in full settlement of all existing claims.

A sum of Rs. 1347-11-6 is available in Savings Bank account No.8587 and ways and means for the balance of Rs. 1631-8-3 have to be found.

10. The late Swamigalu of the Sri Sivaganga Matt offered a recurring grant of Rs.70/- a month for feeding a few brahman students of the Chamarajendra Sanskrit College and this was accepted in Government Proceedings No.2127-9 M.F.584-12-4 dated 16th February 1914. Out of this grant a sum of Rs. 25/- was being expended for feeding during nights certain deserving students and the balance of Rs.45/- saved every month. The amount thus - - saved was on two previous occasions utilised towards the cost of constructing the Hostel.

A new scale of expenditure having been fixed in Government Proceedings No. 2994-3004/M.F.278-18-36 dated 29th March 1919 in respect of the Matt, the above grant was discontinued with effect from 1st July 1919. But it appears to me - - that Government are entitled to the - - amount up to the date on which the grant was discontinued. Government are entitled to get from the Matt funds a sum of Rs. 1530/- as detailed in the margin.

For 34 months beginning with September 1916 to the end of June 1919 at Rs. 45/- a month Rs. ... 1530/-

11. I beg therefore to recommend

recommend that this amount may be appropriated towards the deficit of Rs.1631-8-3 referred to in the concluding portion of para 9 supra, the small balance of Rs. 101-8-3 still left to make up the total sum of Rs. 2979-3-9, being met from the amount that has accrued in the shape of interest on the savings Bank Deposit - - during 1918-19 and part of 1919-20.

I solicit the early orders of Govern -ment in the matter as the amount payable to contractor Sonnappa has been placed under attachment in Ex. Case No.615 of 18-19 on the file of the First Munisiff's Court at Bangalore and this court is - - pressing for an early remittance of the amount.

12. Separate proposals with estimates for repairing the leakages in the rooms and the construction of the compound wall will be submitted.

Muzrai Superintendent.

Sir,

I thank you for your D.O. no. 2420, dated 12th February 1920 and the memo enclosed therein which I return herewith.

As observed in the memo, the financial condition of the matt is anything but satisfactory, and it would be well if early arrangements are made to meet the present demands. I think that instead of going in to the funds of the Kalasa Temple, it would be more appropriate to utilize the required funds of the matt from the surplus funds of the Sri Gangadhareswara Swamii Temple at Sivaganga on the same conditions as those suggested in the memo. the rate of interest being reduced at the pleasure of the Government to 4 per cent per annum as allowed to Endowment Funds.

2. Having regard to the intentions of the late Swamigalu, it is respectfully suggested that the Government may be pleased to authorize the reduction of the present Hostel building not for any purpose connected with the Sanscrit College alone, but for the establishment itself of the Matt in Bangalore where there is even a piece of ground for the Swami to claim as the Matt property. The present value of the Hostel may be recovered.

3. After the present Swamigalu attains his age, or the Matt savings accrue, whichever happens to be earlier as the Government may be pleased to decide, the Value of the land on which the present Hostel stands may, then, even be recovered, if necessary, from the Matt.

3. I cannot exactly remember what the Swami said about the construction of the Hostel

when he was pleased to give the donation of Rs. 5000/- for its construction, I remember, however, that his intention was to provide accommodation not for the College Students alone, but for all students who take up Sanscrit for their learning. It was I that persuaded the Swamijaru to open the Hostel for the Sanscrit College Students. I cannot say, therefore, how the matter ended.

Kindly excuse me for the delay,

Yours truly

S Ramanuja

Dear Mr Jayarama Iyer,

I am sorry I was not able to send an earlier reply to your kind D.O. No 2421 dated 12th Feb: 1920. The fact is that I wished to get some information about the present State of the Mata affairs before doing so. As you are probably aware the late Swamigalu was enthusiastic about helping in a substantial manner the advancement of Sanskrit Education. If, unfortunately his life had not prematurely been cut off, he would have been able to collect funds and to place the project of a Students' Home on a satisfactory basis. Owing to his untimely death, the Mata itself, as you show in your note, has been left in a very embarrassed Condition. The present Guru is a young boy who has to be brought

up very carefully before he can be expected to make
mark and restore the affairs to a satisfactory
The proposal made in the note, to set free the Contr
bution made by the Mata for the purpose of
off the present debts, seems to be quite proper. The bu
ing is estimated to cost 20,000 Rs and it is proposi
to hand it back to the Swami, if he should be
a position to pay up the whole of the Capital Co
on the Condition that it should be devoted to
Charitable purpose that may be approved by

Taking into Consideration the involved st
of affairs and the minority of the Swami I think
Govt may well be more generous and make the ter
less onerous. The object of the late Swami was to p
vide a Students' Home and also a Mata for himse
whenever he visited Bangalore city. Since the whole
Cost is proposed to be levied from the Mata; Govt

may fairly agree to convey back the building to the Mata without any condition, leaving it to the Swami to devote it to such purposes as he may consider suitable to the material resources at the time Instead of making a Sale at present, it may be mortgaged for the amount with possession given to the mortgagee. If possible, some more money should be saved out of the income, and such yearly instalments paid over to the Creditor as would cover the rent and pay part of the principal, so as to extinguish the debt in a period of 20 or 25 years.

Instead of paying the debt from the funds of the Kalasa temple, it would be more appropriate to advance it from the amount at the credit of Sri Gangadhareswara temple in Sivaganga which has always been in more intimate relation with the Mata.

It may be remarked in this connection that the Mata is not altogether a private institution; and that it has always been looked after with —

particular solicitude by His Highness the Maharaj and the Govt of Mysore, and so some special Concessions during the minority of the Guru may not be considered unappropriate

Yours sincerely,

H. V. Nanjundayya

Government Order No.2994-3004/ Muz. 278-18-36 dated 29th March 1919, directing that the management of the affairs of the Sivaganga Matt, be taken over by the Muzrai Department during the minority of the Swami of the Matt, and that the legitimate claims of the servants of the Mutt for arrears of pay for services bona-fide rendered, etc., be investigated by the Muzrai Superintendent.

(2) Government Proceedings No.1046-50/ dated 28th October 1916, sanctioning an estimate for Rs. 16,560/- for the construction of the Matt's Students' Home in Chamarajpet, Bangalore City.

(3) Proceedings No.3927-29 dated 12th June 1919, sanctioning further estimates for Rs. 1,407/- for the construction of latrines, installation of electric lights and extension of water-supply in the building.

(4) Muzrai Superintendent's Note dated the 20th January 1920.

(Illegible)

Order No. 3362-5
Pro-Z-L.44-19-
Dated Bangalore, the 5 March 1920.

The Muzrai Superintendent's Note, read above, shows that the works carried out have

have cost Rs. 18,995/- and that funds are now required not only to meet the expenditure already incurred in excess of the sanctioned allotments, but also to meet the cost of further works necessary to render the building convenient for the residence of the Swami. The maintenance of the building in a state of repair, will also entail a recurring annual expenditure. But the Matt has no funds to meet these charges. On the other hand, it is in urgent need of money even to meet certain pressing legitimate - - charges.

2. Though the new building was primarily intended, by the late Swami of the Matt, as a Hostel for the students of the Chamarajendra Sanskrit College, Bangalore, yet considering the extremely unsettled condition of the - - Matt's finances, Government are constrained to hold in abeyance the original arrangements in respect of the Hostel. And as the building is now required for the accommodation of the Swami himself, it will be taken over for the exclusive purposes of the Matt.

3. In view however to find funds for the completion of the construction of the building, and for the payment of certain other legitimate charges, Government are pleased to sanction the grant of a loan of Rs. 15,000/- to the Matt from the funds of the Kalasa Temple, on the security of the new building, which will henceforth be the exclusive property of the Matt. The loan will carry interest at 5% per annum and will be repayable within a period of 10 years.

4. A deed of mortgage in respect of this loan will be executed in favour of - - the Kalasa Temple by the Muzrai Superintendent acting on behalf of the Matt which is under the management of the Muzrai Department; and after registry, the bond will be lodged in safe custody in the State Huzur Treasury.

5. In the scale of the Matt's expenditure sanctioned in the Government Order of 29th March 1919, provision has been made for the payment of Rs.25/- a month as rent to the Sanskrit College for the occupation of the building by the Swami. This payment of rent will cease as in the arrangements sanctioned above, the ownership of the building itself passes to the Matt but provision for payment of (1) interest and (2) instalment towards reduction of the principal will be made, every year, till the loan is fully paid off.

Mrs Holmes the late Sri Subrahmanyeshwara Sachidananda Bharati Swamigalu of the Sringeri matt wrote to Govt on April 1913 that the Amt of Rs to be prescribed in the Scale of the matt Expenses for the maintenance of a Sanskrit Pathsala at Sringeri might be utilised for feeding 10 Student-Brahman Sanskrit studying Students at Bangalore, and also sent 5000 Rs towards the Cost of construction of a Students' Home at Bangalore to be Called after the Sri Sringeri matt for the use of the Students of that College. He also wished that all details for the construction of the said Home be worked out by Messrs V. Ranganadaya and N. Ramaiya.
